

CSCE606 Final Project: TAMU Chinese School Website

Team SOS: Yu Cai, Zhenyang Gu, Fuhao Shi, Junjie Shen, Xiangzhou Xia, Peizhao Zhang

Goal

TAMU Chinese School at College Station is hosted by Chinese-American Association (CAA) at TAMU. This school is built for teaching Mandarin and spreading the Chinese culture to young children.

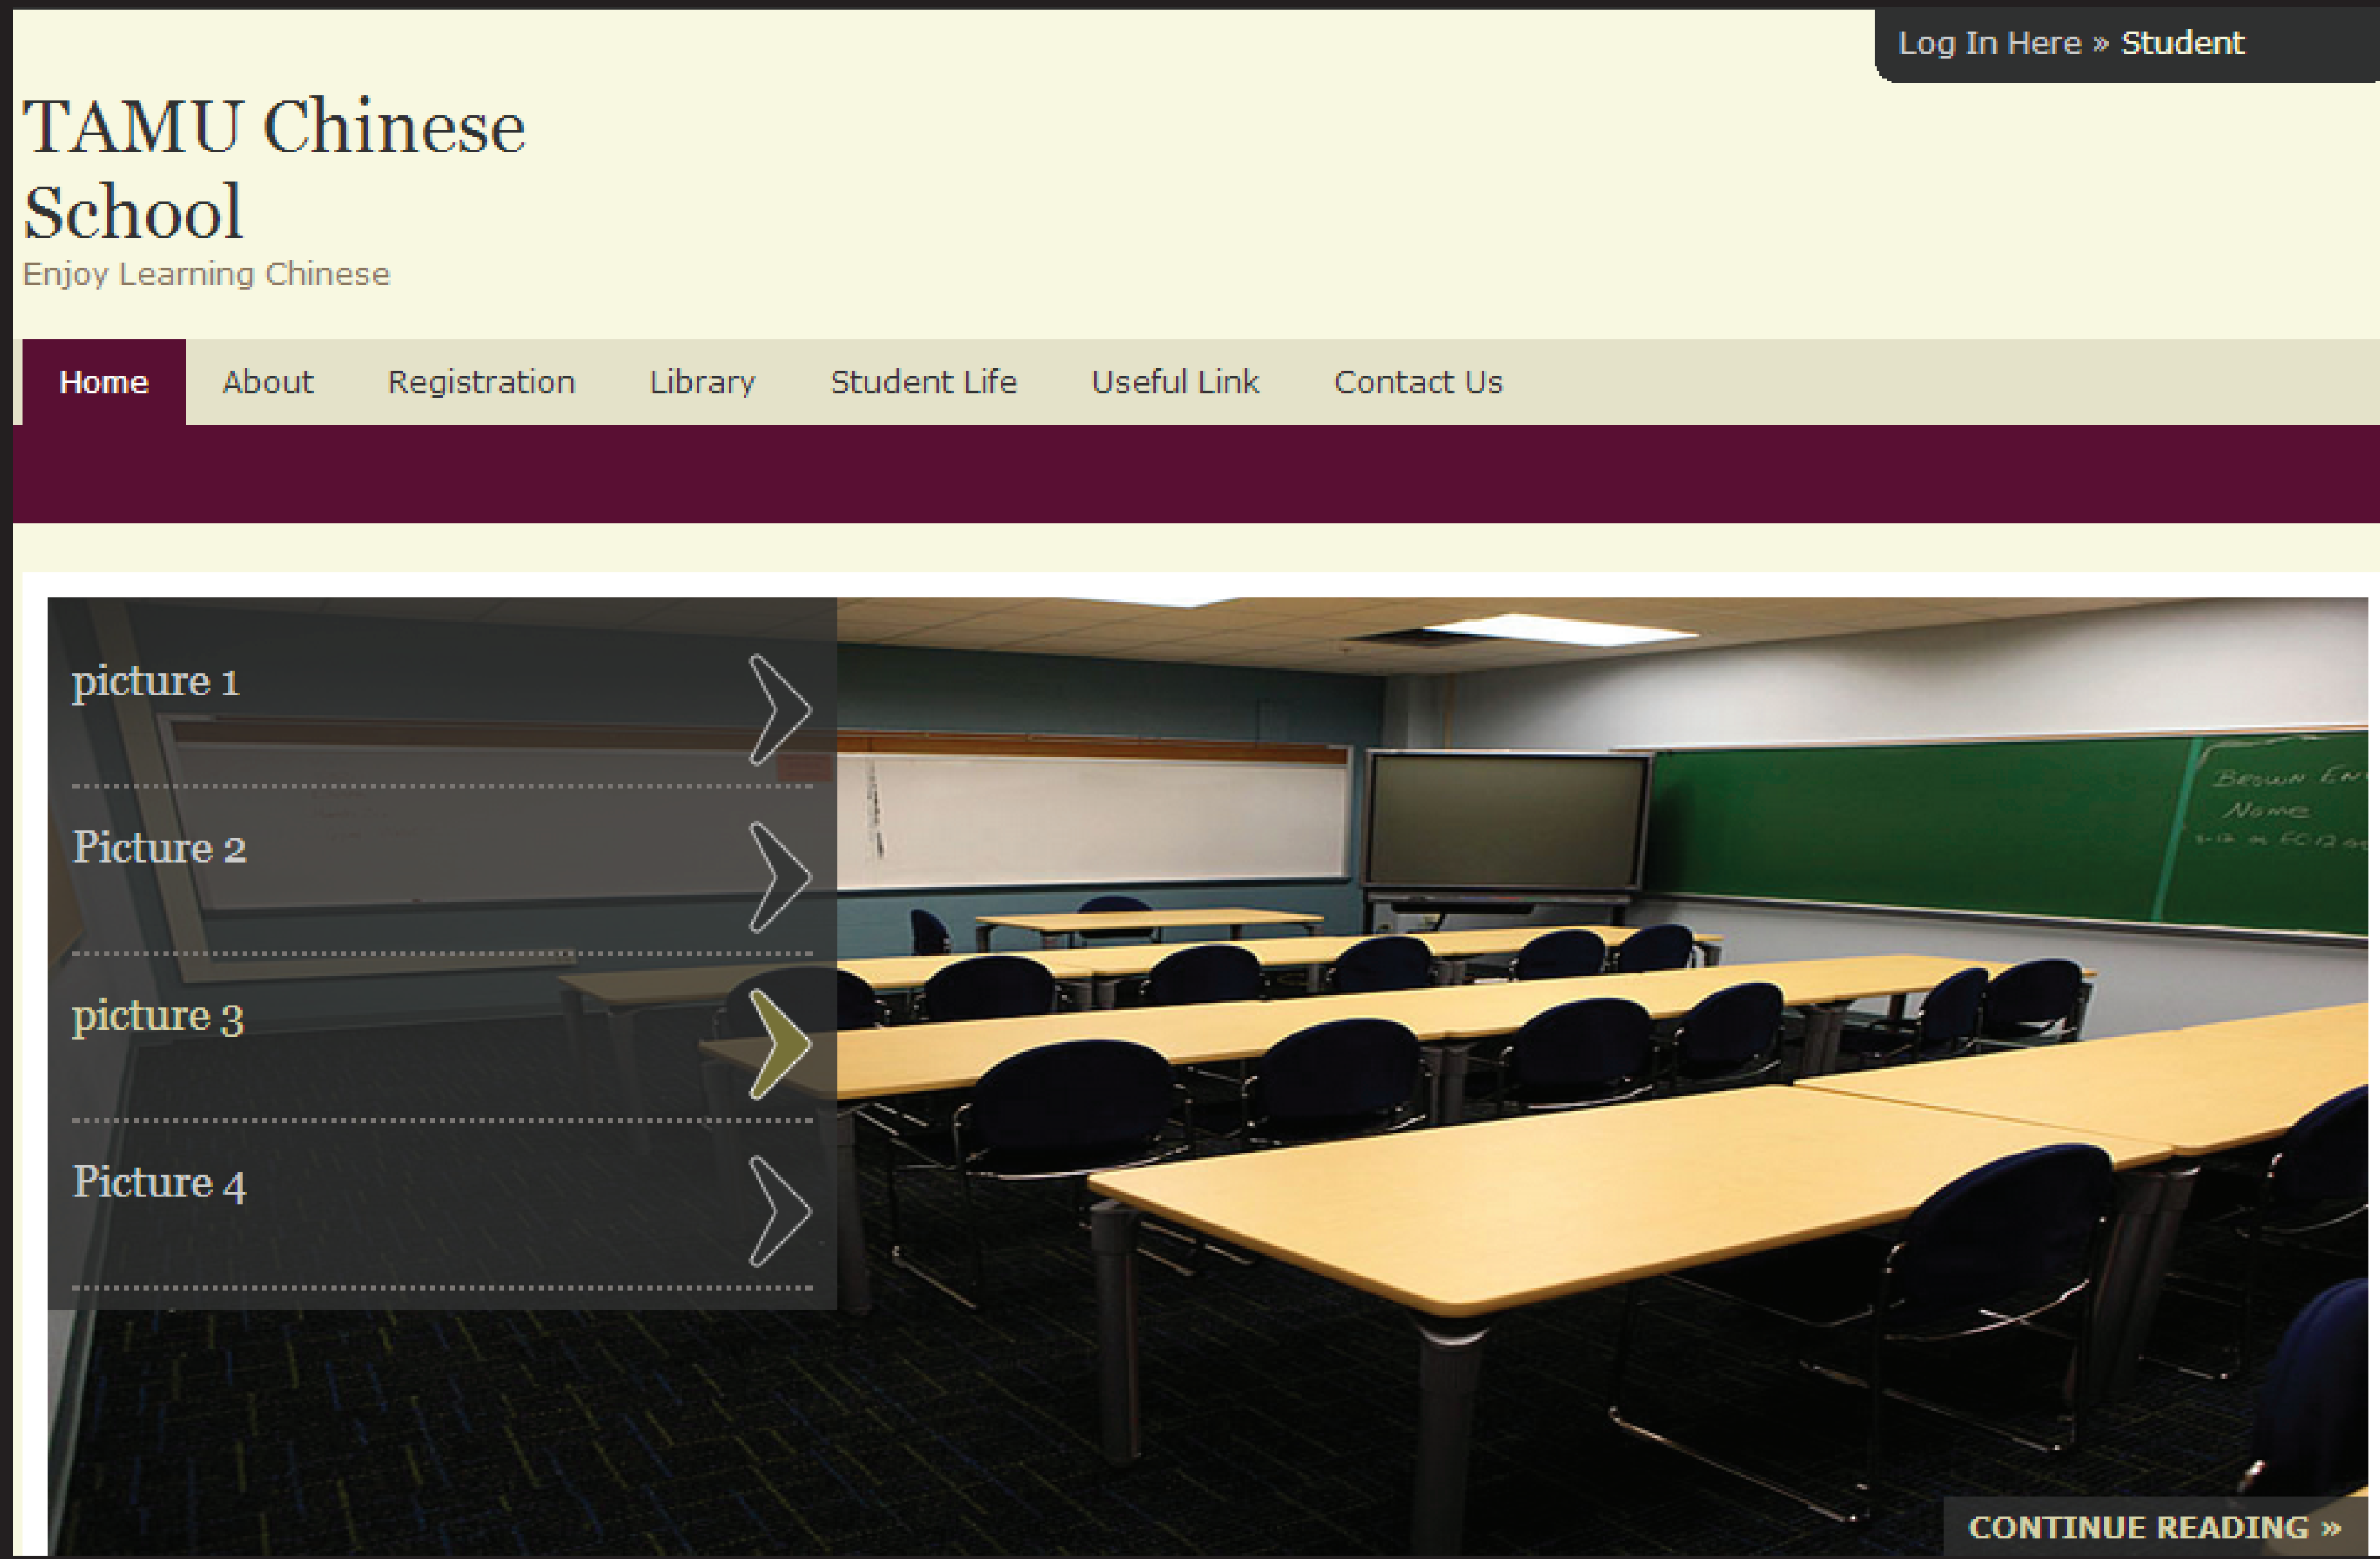

The current website is built by google site, and the changes of course and teacher information need to be updated manually. The goal of this project is to provide a new website that has a new view, and provides efficient information management and automatic page update.

Specifically, the needs of customer can be summarized as follows.

- Establish a few databases, including user information, teacher profile, course information and administration profile.
- Registration page for parents to register class for their children
- Contact page for emergency contact
